## *MISSION AFRICA INCORPORATED*

Dr. Kodjoe Sumney

*Students and professors from Azusa Pacific University and some of the parents at a mission's send off party in Pomona California. The excitement to work in the communities Ghana was very great!*

Our goal as a ministry is to proclaim FREEDOM for the captives...to set people FREE from sin, sickness, and poverty...to proclaim liberty from the devil's bonds...and to help people live in the freedom and abundance! Do you want to help us set people FREE? Our goal is to lead many people to Jesus every year through global partnerships and bridging gaps with the world!

13 people from Azusa University and 27 from Murrieta, total of 40 people from California set off to Mission Africa - Ghana with Dr. Kodjoe and Mama Sumney. Our goal is to work in different communities to spread the gospel through humanitarian work in other to win many. When Jesus spoke of signs and wonders, part of it was humanitarian work to draw the people to the gospel. Jesus said, freely you have received, freely you must give. If we want to win more souls, part of the commitment will be coming out of our four square buildings and stop putting mission money to improve the church building but give to the work of God. This is when we go out there and offer sacrifices to preach the gospel, that God will build, add and stable our churches.

Here in Ghana, the students are building and painting schools for communities that do not have access to any schools for their children to attend. For the first time, people in the village received readings of their blood pressure and recommendations to see doctors were made. They in turn will learn from the people of Ghana how to truly worship God even in your needs.
